Subject: Extension Request

Respected Professor

I hope this email finds you well.

I am writing to respectfully request a short extension on the upcoming digital literacy, which is currently due on 29th of March.

Due to , an unusually heavy midterm schedule I am concerned we will not be able to submit my best work by the original deadline. Would it be possible to extend our submission deadline to 2nd April?

I completely understand if this is not possible given the syllabus policies, but I wanted to ask just in case. I have already completed half the work and will be working diligently to finish it.

Thank you for your time and consideration.

Sincerely,

tushar yadav
